## **Supporting Pupils with Medical Conditions Policy 2017**

Adopted by CPWC: June 2017

Durham Trinity School & Sports College wishes to ensure that pupils with medical conditions receive appropriate care and support at school. This policy has been developed in line with the Department for Education's statutory guidance released in April 2014 – "Supporting pupils at school with medical conditions" and the statutory duty in force from 1<sup>st</sup> September 2014 under section 100 of the Children and Families Act 2014.

We understand we must have regard to the statutory guidance issued. We take account of it, carefully consider it and understand we would not comply only if we could justify there is a good reason not to.

Ofsted places a clear emphasis on meeting the needs of pupils with SEN and Disabilities, also including children with medical conditions.

*N.B. Early years settings should continue to apply the Statutory Framework for Early Years foundation Stage.*
