## PARENTAL CONSENT FORM

### Student Images

As part of the assessment process and supporting pupils with communication we may take photographs of the children at our school. We use these images as part of our school displays, as evidence of pupil progress in books/files and sometimes in other printed publications. We will also use them on our school website.

From September teachers will be sharing information about the activities and work the pupils have been taking part in on the school website to keep you informed of the curricular activities taking place.

If we use photographs of individual pupils, we will not use the name of that child in the accompanying text or photo caption. If we name a pupil in the text, we will not use a photograph of that child to accompany the article. If a child has won an award and the parent would like the name of their child to accompany their picture we will obtain permission from the parent before using the image.

Learning Journey Files and Records of Achievement are used to celebrate your child's progress throughout school. Records of Achievement are sent home after Leaver's Assembly. Photographs of individuals, groups or classes of children may appear in these records.

From time to time, our school may be visited by the media who will take photographs or film footage of a high profile event. Children may appear in these images, which will sometimes be published in local or national newspapers, or on approved websites.

Please use the boxes below to indicate whether you give consent to each medium:
